

MURDERER HACKS BODY TO PIECES

**Boston Actor Kills Wife
and Hides Torso in
Trunk**

CONFESSES HIS CRIME

**Placed Head and Limbs of Bones
in Furnace and Scalp and Hair
in Kitchen Range.**

Boston, Sept. 4.—The most brutal crime committed in greater Boston since the death of Susan Geary, a chorus girl, four years ago, and one much resembling it in its details, was disclosed last night by the discovery of the torso of Mrs. Honorah Jordan, aged 23, an actress, of Somerville, in a trunk in a boarding house at 7 Hancock street, on Beacon hill, this city. Later the head and bones of the limbs were found in the furnace of the Jordan home at Somerville, and the scalp, hair and other gruesome remains were taken from the kitchen range of the house.

Chester Jordan, aged 29, an actor of Somerville, is being held by the police charged with the murder, and last night, according to the officers, he made a complete confession of the crime.

According to Jordan's confession he accidentally killed his wife Tuesday night in a quarrel at their home and becoming desperate over what he had done, he went out and bought a butcher knife and hacksaw, cut up the body and placed the torso in a trunk. He then planned to take the steamer Harvard last night for New York and throw the parts of the body overboard.

The fact that the Harvard was laid off owing to an accident disarranged his plans and he was obliged to hire a hackman to take the trunk to a Boston boarding house to await a more favorable opportunity.

The discovery of the crime was due to the suspicions of the hackman, George W. Collins, who had in mind the numerous robberies which have taken place about Boston recently, and surmising from its weight that the trunk contained silverware, notified the police.

Sergeant Michael Crowley was detailed to go to the house and investigate. Jordan was not in, but the officer was shown the back room on the second floor which Jordan had engaged, and found the trunk. At about 5:20 Jordan returned and was commanded to open the trunk.

Jordan did not appear nervous or alarmed, but hesitated to open the trunk, and it was not until after considerable argument that he produced the key and inserted it in the lock. Turning his head, Jordan threw up the cover of the trunk and then sank back on his knees, burying his face in his hands and sobbing.

Sergeant Crowley staggered back aghast at the disclosure, for in the open trunk before him lay a sickening mass of hacked flesh, a woman's torso, filling the greater part of the trunk, while pieces of flesh from other parts of the body were stuffed into the corners. There was no covering of any sort over the remains.

Jordan submitted to arrest without protest and was locked up. Giving his name and address, he declared the body in the trunk was that of his wife and said he was perfectly willing to tell everything concerning the case.

For more than four hours Jordan was closeted with the police officials. While professing that he was dazed when the crime was committed, yet by the clearness and consciousness of his tale it seemed apparent that what ever preceded the actual killing, the most careful plans were laid for the disposal of the body and the covering up of the crime.

reporting to the police the fact that his wife had left him.

Jordan, according to his confession, went out and bought a heavy butcher knife. With this and a razor and shears he severed the head from the body and after putting the scalp and hair in the kitchen range placed the skull in the furnace in the cellar. The legs and arms were cut from the body and the flesh sliced off in strips, leaving the bones of the limbs practically bare. The bones were placed in the furnace and the chunks of flesh piled into a trunk with the torso. The trunk was taken to the Somerville station and shipped to Boston.

EXCITEMENT AT HEBRON OVER KIDNAPING

**Father It Is Alleged Kidnaps His
Three Year Old Daughter from
Grandparents' Home.**

(Special to the Advocate.)
Hebron, Sept. 4.—A sensational kidnapping of 3-year-old Kathryn Justice, Monday, by the child's father, is at present creating considerable comment about Hebron, and may be brought into court before a satisfactory settlement is brought about.

F. R. Justice, a former Hebron man, after a short wedded life separated from his wife, who was formerly Miss Dessa Mowery, daughter of Mr. and Mrs. Jacob Mowery of this place. They had been making their home in Columbus, Mrs. Justice, with her two children of whom Kathryn is the oldest, came to the home of her father, about two months ago.

On Monday Mr. Justice went to the Mowery home, one mile west of here, saw the little daughter in the yard and is said to have picked her up and brought her to the home of his mother, Mrs. George Davis. As soon as the mother of the child discovered her absence she came here accompanied by her father and commenced proceedings to get possession of her child.

No divorce has been applied for by either of the parties as yet.

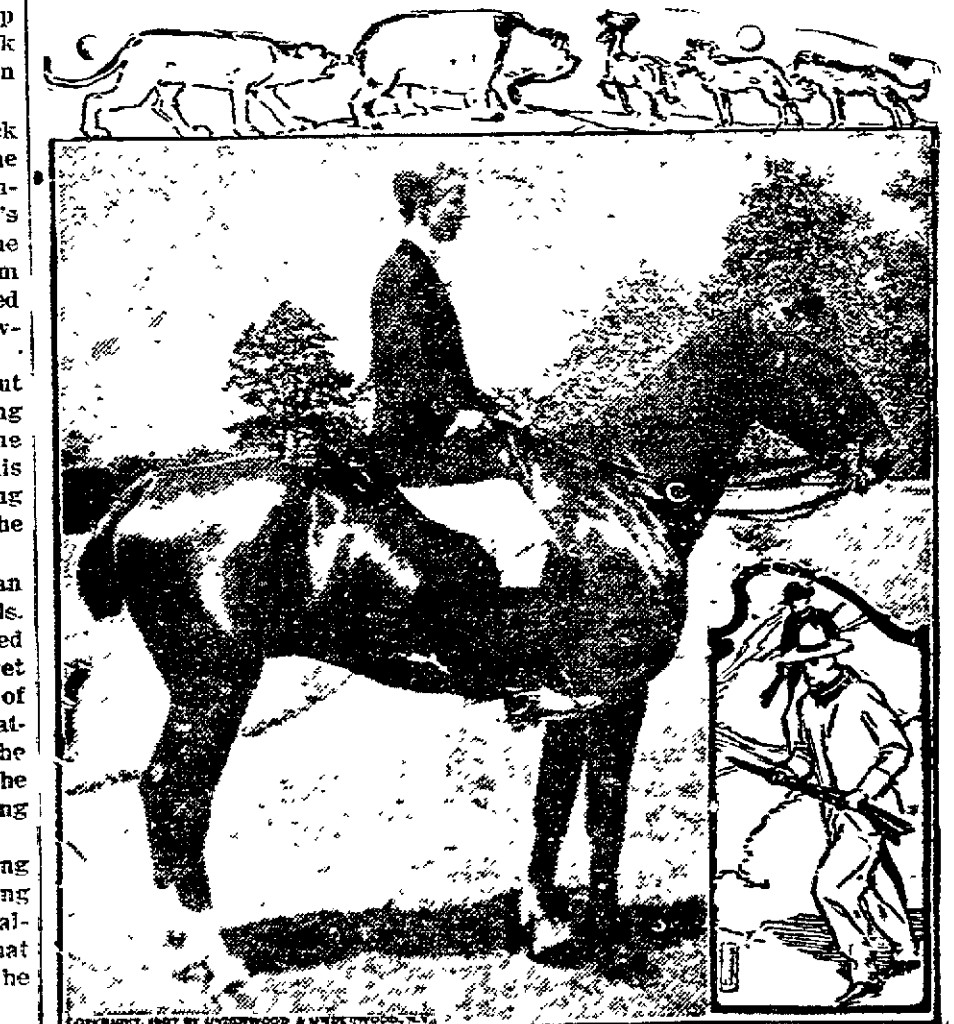

Mr. Justice is quite well known at Buckeye Lake where he belongs to the Columbus Yacht club. He was one of the winners of medals in last season's yacht races on the lake.

EXTRA SESSION

**OF INDIANA SESSION OF LEGISLATURE
CALLED BY GOV.
HANLY.**

Indianapolis, Ind., Sept. 4.—Governor Hanly has caused the greatest political sensation in Indiana in years, when today he issued a call for an extra session of the legislature to convene Sept. 17. Gov. Hanly realizes his term expires the first of the year, and that if several of his proposed reforms, among them insurance measures and a plan of county local option are not enacted at once they may never be, since Republican politicians do not seem to favor them.

KERMIT ROOSEVELT, WHO GOES TO MINNESOTA FOR HUNTING TRIP

Kermit Roosevelt, with half a dozen large trunks full of guns, ammunition, photographic supplies and camping paraphernalia, has gone to the Lower Mesaba range, in northern Minnesota, where he is to prepare himself in the work of hunting big game prior to his trip to Africa next spring with his father. He will be under the tutelage of Jack Greenway, the president's close friend. The horse shown in the picture is the one Kermit was riding recently when he stopped a runaway team at Oyster Bay.

FORAKER IN TAFT'S BAND WAGON

**Accepts National Platform
and Will Take Chances
for Re-election**

EXERCIZED STRATEGY

**Success Achieved at Toledo Will
Be Utilized to Fullest Extent in
Senatorial Contest.**

Middle Bass Island, O., Sept. 4.—As near as it can be learned from the various statements Foraker's action at Toledo in unqualifiedly declaring his intention to support the Republican national ticket was not the result of any specific agreement with Judge Taft.

Apparently Senator Foraker has elected simply to preserve his regularity and to take his chances for re-election to the Senate. In so doing he accepts the national platform, the Roosevelt policies and other appendages thereto, until election day at least.

Attention is called to the fact that just prior to the Senator's address Judge Taft asserted, with some vehemence, in his remarks to the Lincoln club that the attitude of President Roosevelt toward public questions was one of the principal issues of the campaign.

Suspending his opposition for the time being Senator Foraker has fallen into line and will go along with his party like a veteran who has volunteered for a new war.

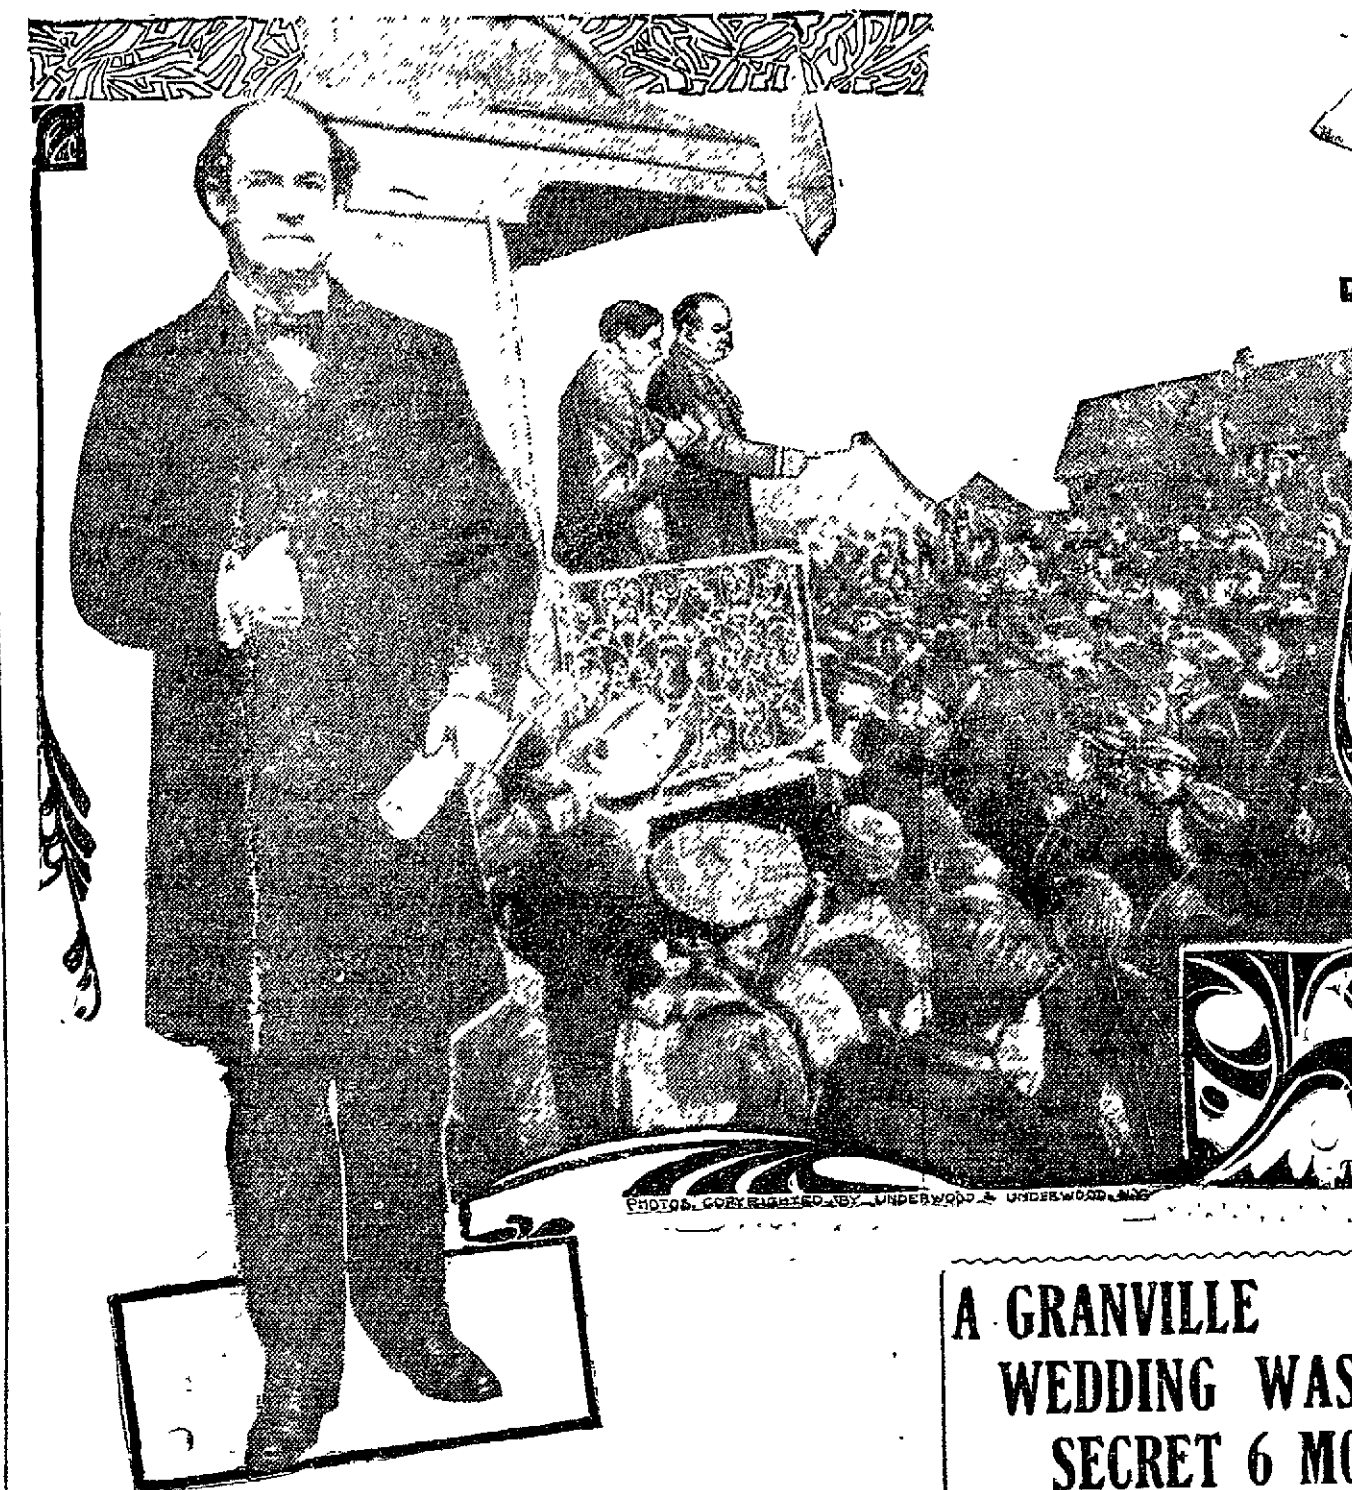

It is recognized here and at Toledo that Foraker and his colleagues exercised great strategy at the Lincoln club gathering, and there is no question that the apparent success they achieved will be utilized to the fullest extent in the senatorial contest that now may be said to be underway.

Conditions may arise that will require a categorical explanation from Judge Taft that his attitude toward the senatorship has not changed. It is easy to understand that many Republicans in the state are going to be confused by the event and that Congressman Burton and Harry M. Daugherty will find additional impediments in their path.

It was learned today that, when the Senator and Judge Taft met upon the reviewing stand at Toledo, the former said:

"This looks as though I had got

W. J. BRYAN, SPEAKING FROM TRAIN ON HIS TOUR IN THE NORTHWEST

William J. Bryan was greeted by large gatherings of people on his tour of the Dakotas, Minnesota and Iowa. At the fair grounds in Fargo, where the Democratic candidate addressed a vast number of farmers, campaign contributions were collected in a barrel upon the Taft band wagon.

"It looks that way, Senator," was the reply.

"Yes, it does," was the rejoinder, "and it looks as though I had taken a front seat on it, too."

HEARING

**Of Charles W. Henley at Lancaster Is
Postponed Until Monday—May
Be Interesting Developments.**

Lancaster, Sept. 4.—When Charles W. Henley was arraigned before Justice Parido at the request of the defendant, the case went over until next Monday. The prosecuting witness, Michael S. Vought, was present and was taking his losses good naturedly, philosophizing that many another man had lost money in enterprises that did not look nearly so good as this. But Mr. Vought can still lose many times this amount and yet have enough left to meet current bills, Mr.

rel. The barrel was labeled "Democratic Campaign Fund. Our Policy, Voluntary Contributions." There was a constant rattle of silver dollars, halves and quarters as the farmers walked past the barrel and dropped in their contributions.

Vought is represented by Judge McCleery.

It is pretty well understood that Henley will fight the case to the bitter end. He has employed able attorneys and every inch of ground will be contested and it now remains to be seen just what course will be pursued. Detective John Foster, of Columbus, has been working on the case against Henley and it is understood that Mr. Vought was called to Newark as a witness and recognized the man as the one who five years ago persuaded him to invest in the mythical marble mine. Another warrant was thereupon sworn out and this accounts for Mr. Henley's sojourn in the Fairfield county jail.

COMMISSIONER DEAD.

Washington, Sept. 4.—Frank P. Sargent, United States commissioner of immigration, died here this morning as the result of a fall and paralytic stroke suffered two months ago. He was a former chief of the Brotherhood of Locomotive Firemen.

NINE REASONS TO OPPOSE TAFT.

LINCOLN, NEB., Sept. 4.—Prominently displayed on the first page of today's issue of W. J. Bryan's Commoner are nine paragraphs telling voters why they should not cast their ballots for Republican nominees. They are as follows:

"First, the failure of the Republican party to take steps to provide for electing senators by popular vote, and the refusal of the Republican convention to endorse the reform.

"Second, the failure of the Republican Congress to pass a bill providing for the publicity of campaign contributions and the refusal of the convention to even endorse the reform.

"Third, the failure of the Republican Congress to pass a postal savings bank bill and the hypocrisy of the party in endorsing this reform, which it had just ignored in Congress.

"Fourth, the passage by the Republican Congress of a currency bill which enables speculative banks to convert all sorts of securities into currency and actually reduces the margin of safety for depositors, instead of increasing it.

"Fifth, the destruction of representative government in the Lower House, where the Republican Speaker and his Committee on Rules have all power and not even a majority can get a vote on a popular bill if the Speaker refuses consent.

"Sixth, the 19 per cent increase in the cost of living under the Republican Dingley tariff and its trusts, while wages have increased only 19 per cent.

"Seventh, the refusal of the Republican Congress to amend this tariff, although its inequities are admitted and future revision has been reluctantly promised by its friends after the storm is over.

"Eighth, the notorious fact, admitted by Senator Aldrich, Republican leader of the Senate, that American tariff-protected concerns sell their products abroad in competition with European factories at lower prices than they exact from American consumers, and the refusal of the Republican House of Representatives to adopt an amendment to have Government agents report on these prices.

"Ninth, the Republican leaders' plea and their favor a tariff sufficient only to compensate factories for the difference between labor cost in America and abroad, but the fact is that the Republican tariff is more than sufficient to pay the whole labor cost. On steel products the labor cost is 15 per cent and the tariff is 22 per cent."

STATE FAIR ATTENDANCE FALLS SHORT

**Of Former Years But
Gate Returns Please
Officials**

WINDUP OCCURS TODAY

**Knabenshue the Star Attraction
Divides Honors With
Directoire Girls.**

Columbus, Sept. 4.—State fair attendance this year probably will fall several thousand short of last year, but this is owing to the fact that in 1907 the home coming celebration was held. The total attendance, last year was 107,910, against 87,490 in 1906, and 91,661 in 1905. On Monday of last year there were 16,547 paid admissions, against 4,167 this year. However this year women were admitted free, whereas an admission was charged last year. Tuesday of this year, with 7021 paid admissions, surpassed the same day last year by 291. Wednesday last year 24,425 people paid admissions, while this year there were 22,837. Thursday, in 1907, was the banner day in the history of the fair, with 47,871 paid admissions. Yesterday there were nearly 41,000, it was estimated. This was not as good as the corresponding day in 1905, which had 42,610. The attendance of Friday in 1907 was 12,837, which was better by several hundred than Friday of either of the two previous years.

With an attendance of 12,000 today, the total attendance for the week will be in the neighborhood of 87,000, which will be very satisfactory to the state fair officials.

Today, the windup of the fair, will be children's day, and every child whether he appears at the gate in his Sunday best or barefooted and ragged will be passed through and the gatekeepers will bid them have all the fun they can. The program will include speed events on the track, the judging of live stock and various other exhibits, cut flower displays, band, concerts and everything that has been characteristic of the great fair during the past four days.

Both Senator Foraker and Judge Harmon, Democratic candidate for governor, are expected by the fair management to visit the state fair today. Secretary Calvert announced yesterday that Senator Foraker as well as Judge Harmon had accepted the invitation of the state board of agriculture.

It is not expected that either will make a speech, but simply will be escorted over the grounds and shown all there is to see, which is a lot.

Roy Knabenshue, who has been considered by the board of agriculture as the star attraction of the fair began his operations early yesterday and continued until late in the afternoon, when he made his final flight in his passenger airship. His first stunt was to make an appearance down town and circle around the dome of the capitol. On this trip he was accompanied by his mechanic George Duesler, and Frank Goodale, another employee. The trip, which is the second he has made down town, lasted about half an hour and was a perfect success in that it demonstrated his airship was capable of carrying three people. After Knabenshue had returned to the fair grounds he made another flight.

Mr. Knabenshue leaves today for Denver.

A birds-eye view of the fair grounds and surrounding territory at \$1 a view apparently appealed to many of the visitors for the captive balloon was filled all day. Just as fast as one trip was finished another was begun, and each time the basket was filled to capacity—three. The trips lasted three minutes and an altitude of 300 feet was reached. The distance was cut down and the time in the air curtailed in order to meet the great demand.

The shock of the directoire girls had apparently died away yesterday, for only a small crowd followed them about the grounds. However, they were constantly under the watchful escort of the fair police. It was announced that there would be 20 girls attired in directoire gowns, but only three materialized on Tuesday and the number has not been augmented. The fair board is said to believe that there is plenty of time to continue their engagement today and will probably go from this city to Detroit.

A GRANVILLE WEDDING WAS SECRET 6 MOS.

**Miss Eva R. Farmer and Mr. Francis
Norris Married Last March in
Columbus.**

Mrs. Alpharetta Farmer of Granville, announces the marriage of her daughter, Eva R., to Mr. Francis R. Norris at Columbus, O., on Monday evening, March 3, 1908.

The announcement of this wedding will no doubt come as a big surprise to the many friends of this young couple, who are great favorites in Granville and vicinity. Mrs. Norris is the charming daughter of Mrs. Alpharetta Farmer and is a graduate of the Granville high school in the class of June, 1908.

She is a cousin of Miss Roxanna Allen, formerly of this city, now a resident of Granville.

Mr. Francis Norris is the son of Mr. Albert Norris of Granville and is a drug clerk with Mr. J. W. Aekley, pharmacist, of that place. Mr. Norris is also a graduate of the Granville high school in the class of 1908, and is a member of the Phi Sigma Chi fraternity.

Mr. and Mrs. Norris have the kindest wishes of their numerous friends in Newark and Granville.

NURSE CHAPTER

OF THE KING'S DAUGHTERS IS ACCOMPLISHING GOOD RESULTS.

Can Only Exist Through the Generosity of Newark Citizens and is Deserving of Support.

It has been some time since the attention of the public has been called to the District Nurse Chapter of The King's Daughters. This, however, does not mean that the chapter has remained idle. It requires some little time and a great deal of work to put an enterprise of this kind in operation.

The Newark Chapter has been slowly but surely perfecting the plans for the District Nurse and now feel that the public has a right to know something about them. It is only through the generosity of the people of Newark, that this work can be carried on. One of the first things necessary is a quantity of supplies, which are usually contained in an emergency closet. These supplies have been provided by an emergency committee of which Miss Kirtle Suter is a very efficient chairman.

Circular letters explaining the work and offering service, have been sent to the physicians in the city. Certain articles of agreement have been entered into by the District Nurse Chapter and a graduate nurse and several cases have already been attended. As a usual thing, the cases are reported to the Chapter by a physician. The nurse is then sent out to stay with the patient, as long as it may be necessary to make the patient comfortable for the day and to carry out the physician's orders.

Where it is possible, the patient pays something for these services. The services may be all paid, partly paid, or entirely gratis. This depends, naturally, upon the financial ability of the patient.

The Chapter is governed by a board of nine directors, three each from the What-so-ever, Brightening and Sunshine Circles. Chairman, Mrs. B. M. East; secretary, Miss Anna Davis. Any information will be willingly given by these officers and any contributions for this work will be gladly received by them.

LETTER FROM FORMER COMRADE

Comrade C. M. Hall, corresponding secretary of the Seventy-sixth regiment, O. V. I. association, recently sent an invitation to Comrade R. W. Burt, who formerly lived in Newark, but for many years a resident of Peoria, Ill., to attend the annual reunion of the regiment, which is to be held in the Post room in this city on September 24. Comrade Hall, who was a member of the old Seventy-sixth, sends the following in answer to the invitation:

GET RID OF THE GAS

THIS OHIO MAN FOUND IT CAUSED GREAT DISTRESS.

A Case of Stomach Trouble, Complicated with Rheumatism, That the Tonic Treatment Cured.

When the stomach is feeble the food lies in it undigested, decays and throws off poisonous gases that distend the walls of the stomach, and cause interference with other organs, especially with the action of the heart and lungs. These gases have other ill effects. They are absorbed by the blood and corrupt it and so cause aches in remote parts of the body and the formation of unhealthy tissue everywhere. General bodily weakness and loss of weight result. The nerves and the brain are disturbed and discomforts such as dizziness, hot flashes, sleeplessness, irritability and despondency originate from this source. Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will rouse it to do the work of changing the food into nourishment. The tonic used ought to be one that will agree with the most delicate stomach.

Mr. C. C. Cline, a farmer, at Berlin Center, Ohio, was cured of an obstinate case of stomach trouble, which he described as follows:

"I think my stomach trouble was brought on by the many cold meals I ate when a teacher. My stomach was so weak that I had no appetite and I would vomit after eating. My stomach would bloat, fill with gas and pain me after every meal. I had palpitation of the heart and was short of breath if I exerted myself. I also suffered with rheumatism. The joints in my arms would get sore and stiff and at times I was unable to work.

"I was under doctors' care more or less of the time and was ailing for fifteen years. They were unable to cure me. Through reading the papers I decided to try Dr. Williams' Pink Pills. It wasn't long before I saw that the rheumatism was not so bad and that I could eat without so much distress. As this was the first relief I had ever received I kept on taking the pills until cured. I know feel better than at any time in my life."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50. Dr. Williams' Medicine Company, Schenectady, N. Y. Send today for free diet book.

NARROW ESCAPE

For Fred Cunningham, Driver of the U. S. Express, While Crossing Interurban Tracks.

Night driver of the U. S. mail wagon, Charles Cunningham, had a narrow escape from death or injury Thursday evening at about 5 o'clock.

As he was coming with the wagon north on First street, and nearing East Main street, his attention was attracted by the city patrol wagon that was passing and when crossing the street railroad tracks he did not notice two interurban cars approaching from the east, until the first one was directly on him. He managed to back the horse in time to avoid being struck, and at the same time the morman succeeded in bringing the heavy car to a stop. The horse fell with the front of the car directly over him and it looked, before the animal could be extricated, that it was badly hurt. However it turned out that besides a few scratches on the hind legs it was otherwise uninjured.

STATE COUNCIL

and Convention of the Catholic Knights of Ohio to Be Held at Upper Sandusky.

The seventeenth annual state council and convention of the C. K. of O. will be held at Upper Sandusky on the 8th and 9th of September. This progressive and distinctly Ohio Catholic society has 130 branches and a total membership of 7,111. Its stability is vouched for by a reserve fund of \$278,312.50, with cash balances in general and V. & O. funds of \$18,224.33. The total insurance in force aggregates \$10,000,000. The state president, Peter J. Mettler and State Secretary C. J. Anthony are enthusiastic as to the future of the Catholic Knights of Ohio, and both will have interesting reports to make to the delegates at the forthcoming convention.

In extending the invitation to delegates the local Knights of Upper Sandusky use the following historical sketch, viz.:

Historically, Upper Sandusky is almost as well known in the annals of the past as is any town in the state. Its very site was the acting stage of some of the most thrilling incidents of civilization's fight for triumph in establishing human progress as against primitive existence—that great struggle which has ever been waged in the interest of the survival of the fittest.

The affairs of mankind. The most conspicuous battle of the Revolutionary War fought within the confines of Ohio, was that waged by Colonel William Crawford and his brave soldiers against the British and their Indian allies, in June, 1782. This disastrous encounter occurred two miles north of Upper Sandusky. Colonel Crawford and his following were defeated, and the brave Colonel was captured and sent to the British camp at Sandusky. He was held there for some time, and was finally released by the British. He was then sent to the British camp at Sandusky, where he was held for some time, and was finally released by the British.

It is hard to do two things at once, but when a fellow makes a mistake he is also making trouble.

LABOR INJUNCTIONS.

Must Not Be Used as a Means to Set Aside Trial by Jury.

In the current number of the American Federationist is an editorial on "The Essence of Labor's Contention on Injunctions," which was submitted to the general council of the A. F. of L. and approved by that body. It says in part:

It will be seen that labor neither questions the integrity of nor desires to "shackle" the courts; that it stands for and insists upon absolute equality before the law—nothing more, nothing less. Labor insists that—

The writ of injunction was intended to be exercised for the protection of property rights only.

He who would seek its aid must come into court with clean hands.

There must be no other adequate remedy in law.

It must never be used ever in an effort to punish crime.

It must not be used as a means to set aside trial by jury.

Injunctions as issued against workmen are never used or issued against any other citizens of our country. It is an attempt to deprive citizens of our country, when these citizens are workmen, of the right of trial by jury. It is an effort to fasten an offense on them when they are innocent of any unlawful or illegal act.

Injunctions as issued in trade disputes are to make outlaws of men when they are not even charged with doing things in violation of any law of state or nation.

The issuance of injunctions in labor disputes is not based upon law, but is a species of judicial legislation, judicial usurpation, in the interests of the money power against workmen innocent of any unlawful or criminal act.

Labor protests against the issuance of injunctions in disputes between workmen and employers when no such injunction exists. Such injunctions have no warrant in law and are the result of judicial usurpation and judicial legislation rather than of congressional legislation.

In all things in which workmen are enjoined by the process of an injunction during labor disputes, if those acts are criminal or unlawful, there is now ample law as well as remedy covering them. From the logic of this there is no escape. No act is legally a crime unless there is a law designating it and specifying it to be a crime.

We assert that labor asks no immunity for any of its men who may be guilty of any criminal or unlawful act. It insists upon the workers being regarded and treated as equals before the law with every other citizen; that if any act be committed by any one of our number rendering him amenable to the law he shall be prosecuted by the ordinary forms of law and by the due process of law, and that an injunction does not lawfully and properly apply and ought not to be issued in such cases.

The injunction process as applied to men engaged in a dispute with employers includes the allegation of criminal or unlawful acts as a mere pretext, so that the lawful and innocent acts in themselves may also be incorporated and covered by the blanket injunction. And the performance of the lawful and innocent acts in themselves, despite the injunction, renders them at once guilty of contempt of the court's order, which is summarily punished by fine or imprisonment, or both.

In itself the writ of injunction is of a highly important and beneficent character. Its aims and purposes are for the protection of property rights. It never was intended and never should be invoked for the purpose of depriving freemen of their personal rights, the right of man's ownership of himself, the right of free locomotion, free assembly, free association, free speech, free press; the freedom to do those things promotive of life, liberty and happiness and which are not in contravention of the law of our land.

Not only in our own interest, but in the interest of all the people of our country, for the preservation of real liberty, for the elimination of bitterness and class hatred, for the perpetuation of all that is best and truest, we can never rest until the last vestige of this injustice has been removed from our public life.

LABOR GOSSIP.

Is this a nation of freemen, or have we involuntary servitude imposed upon us by court decree?

A merchant may refuse to sell a spool of thread at his option, but in the opinion of some courts a man may not lawfully refuse to sell his labor.

Are you purchasing goods bearing union labels? If not, why not? The cost of living has advanced during the last ten years 40 per cent, while wages have increased not more than 15 or 20 per cent at the outside.

Now is the time that tries men's souls. Men of labor, men of broad American ideals, unite and stand together.

The interests not only of labor, but the freedom of all our people now and for the future, demand that every man shall do his duty and do it now.

WILL WONDERS NEVER CEASE?

He Was Almost Dead.

When the Root Juice people were here hundreds of people flocked to the drug store to see them and get some of the great remedy, and after they left the great sale of the remedy continued because of the many remarkable cures it made. Many names of people living in this locality who were cured by taking a few bottles of Root Juice were published in this paper. The remedy is such a health-promoting agent that it creates great excitement in every city in which it is introduced. Mr. Albert Timlick, of Cantrell, Ill., wrote and said: "For a number of years I suffered with a severe stomach trouble and tried many kinds of medicine, and none did me any good. I was almost dead when I started on my first bottle of Root Juice, but as soon as I took three or four doses I began to feel better. Four bottles of the Juice made a complete cure of my troubles. I now have a good appetite and can eat anything I want. Before I took Root Juice I could not digest the lightest food. It would sour on my stomach and I would bloat fearfully. I digest everything I eat now. It has certainly worked wonders for me." Root Juice is a great healing tonic to the stomach, bowels, liver and kidneys. It is sold for \$1 a bottle. WE WANT EVERYBODY TO KNOW

That we have bargains to offer. Goods that usually sell at 50c and 60c per pound and that we are selling at 35c and 40c. We manufacture Sausage, Head Cheese and Bologna ourselves and therefore make our retail prices at wholesale figures. We buy our cattle and goods at bottom values and give our customers the benefit. Don't pay any attention to what people say. Come and see for yourself. Respectfully,

Chas. Metz & Bro.

Busy Day For Clerks.

Thursday was pension day and the clerks in the offices of the Probate Judge, and County Clerk were busily engaged all day in filing out vouchers for the old soldiers and widows of old soldiers.

That Falling Wall.

A report was circulated Thursday to the effect that one of the Arcade building walls had fallen and that one of the workmen had narrowly escaped death. No walls have fallen except the old walls that have been wrecked to make way for the new structure, and William McConnell, who was reported to have narrowly escaped injury, laughed when questioned about the matter. He was digging under one of the old walls for

the purpose of wrecking it, and seeing that his work was about finished, jumped back in time to get clear across the lot before the crash came.

Hustling the Works.

The city employees are working nights this week, laying the new floor on the South Second street bridge. The old planks that come out are being sold.

Boys Run Away.

The police have been asked to look for two young boys both about 15 years of age, who ran away from their home in New Stratsville. Their names are Cling and Ambrost.

Cedar Camp Work.

Neighbors of Cedar Camp 4727, please bear in mind that Modern Woodmen work will commence next Monday night. All members are requested to be in attendance at that session.

Should Have Light.

There should be another arc light placed in the vicinity of the Quarry Run bridge, as it is a dangerous part of the city after night. The road is a bad one and it is a fit place for hold-ups and assaults.

Up in a Balloon.

Edward Smoker and Parker Myers, two well known Newark young men, were in Columbus Thursday and attended the state fair. They made an ascension in the balloon and say it was the greatest and most thrilling Big Wall Busted.

Friday morning workmen on the Arcade building succeeded in throwing one of the heavy concrete walls along the alley south of the Union block, placing it in a ditch at the bottom of the Arcade cellar, where it will be buried.

Had Watch Stolen.

Mr. Carl Agey of Kirkville, who attended the city-state fair at Columbus Thursday, had his pocket picked for a gold watch valued at \$50. He has offered a reward of \$50 for the return of the time piece.

Securing Exhibits.

Secretary J. M. Farmer of the Licking County Agricultural Society, was in Columbus Thursday in attendance at the state fair and arranging for exhibits for the Licking county fair, which is to be held on September 29 and 30, and October 1, 2 and 3.

Mark of 2:16 3-4.

At the races at the state fair on Thursday in the 2:26 trot, John E. Evans of this city, driver of "Queen E," owned by H. Hoover of Appleton, gave her a mark of 2:16 1-4, which is pretty good, considering the fact that it was the third race she has ever started in.

Notice to Pupils.

Pupils below the high school that failed to pass and who wish to be examined with view to promotion, will be examined on next Monday morning at the close of school session. Those from the high school will be examined at the high school building on September 11. J. D. Simkins. 1t

Will Live in Newark.

C. O. Edmister of Columbus, and Miss F. M. Harmon of Mt. Vernon, were quietly married Wednesday evening at the M. P. personage, the Rev. O. V. Sharrack officiating. Mr. and Mrs. Edmister left on the 5:15 train to spend the week in Columbus, after which they will make their home in Newark. Their many friends join in wishing them a happy and successful life.—Mr. Vernon Republican News.

Notice to Boxwell Students.

The law requires Boxwell graduates who intend to attend a high school outside their own district to give five days' notice, before the beginning of school, to the clerk of the board of education of their own district. Those who intend to enter the Newark high school should bring with them a certificate from the clerk of the board of education of their own district, certifying that they have complied with the law. D. M. Keller, Clerk of Newark City Board of Education.

Bliss College.

Bliss College fall term begins Tuesday, September 8. Practical courses in business, shorthand and typewriting. Rooms and equipment as up to date as can be found in the large cities. No effort spared that will provide for the comfort and welfare of the students. Proper ventilation and fire protection have been given special attention. Office at 13 1-2 South Third street, open for enrollment of students. Prospective students, old students and the general public invited to call and inspect rooms.

A Newark lodge, No. 37, F. & A. M. will hold its regular meeting for September this evening. Work in M. M. degree.

PRAISES FOOD LAW.

Helps Foreign Trade, Says United States Consul Murphy.

STATUTE TO COMPEL PURITY.

Has Benefited, Not Hampered, European Countries—Increases In Exports In Many Important Foodstuffs In France Shown In Report.

That the United States pure food law instead of hampering foreign trade has benefited it and seems to have carried with it a greater respect for foreign labels is the opinion expressed by United States Consul Dominic I. Murphy, at Bordeaux, France, former commissioner of pensions, in a report on French exports to the United States.

Consul Murphy says the records of the Bordeaux consulate, one of the first places which would naturally feel the effects of changed conditions, show that the declared values of exports of French foods and food products to the United States during the first year of the operation of the pure food law actually increased.

The value of alimentary paste, macaroni, increased almost \$47,000 during 1907 as compared with 1906, jams and jellies increased \$19,921, olive oil \$63,753, preserved fruits \$54,708, preserved vegetables \$55,132, still wines \$46,789 and sparkling wines \$5,909. Other articles classed as foods showed decreased exportation, but the decrease in almost every item may be properly accounted for without reference to the pure food law, says the consul.

Exports of brandy fell off \$11,285, but the records show a much greater falling off in 1906 compared with 1905. The decrease in preserved fish, which was considerable, was due solely to the practical failure of the sardine fisheries, the packers here having been utterly unable to supply a one-bundredth part of their American orders.

As for liquors, the slight decrease is due to the provision of the pure food law forbidding the use of certain colored matters and the difficulty the manufacturers have found in obtaining proper substitutes.

Mr. Carl Agey of Kirkville, who attended the city-state fair at Columbus Thursday, had his pocket picked for a gold watch valued at \$50. He has offered a reward of \$50 for the return of the time piece.

SAGE ESTATE \$66,753.80.

Of Which Mrs. Sage Gets \$63,778.80 and the State \$66,753.80.

The estate of Russell Sage, who died on July 22, 1906, has been appraised officially at \$66,753.80 gross and \$64,153.80 net. The transfer tax on the estate will be \$66,753.80.

Mrs. Sage, to whom her husband left almost everything absolutely, inherits \$63,778.80. There are twenty-nine legatees, whose inheritances aggregate \$650,000.

The estate was appraised by Charles P. Dillon as an official transfer tax appraiser, and his report was submitted to Surrogate Beckett three weeks ago. Surrogate Beckett signed an order approving the report of the appraiser and fixing the tax.

There are twenty-five nephews and nieces who inherit \$25,000 each under the will, while four granddaughters and nephews receive \$6,250 each.

The executors under the will are Mrs. Sage, Charles W. Osborne and Dr. John P. Munns.

Charles A. Gardiner, attorney for the executors, said that the estate consisted roughly of \$3,000,000 in real property, \$30,000,000 in securities and \$30,000,000 in time and call loans.

ROCKEFELLER MAKES JOKES.

Tells Press Humorists He Passes Off Their Work as His Own.

The following letter from John D. Rockefeller was read at the convention of American press humorists, held in Denver recently:

Forest Hill, Cleveland, O. Gentlemen—With the pleasant memories of an official call by the American Press humorists, I send you my best wishes for a successful convention. The echoes at Forest Hill still laugh now and then over the quips sprinkled through our quiet atmosphere by your members. My own success in appreciating those jokes of yours and in passing them off as my own has made me feel that I am almost entitled to a union card in your order. May you always be able to collect for your whimsy on the union scale.

Speaking seriously, as one should to professional humorists, the rest of the world owes you real gratitude and the best of good wishes, gentlemen. You are the true specialists in dyspepsia. Charity is born of a good, hearty, honest laugh. It spreads a kindly feeling among mankind. I wish you collectively and individually all success. I am sorry that I cannot attend your sessions. I hope to receive you again some day at my home. Fraternally yours.

JOHN D. ROCKEFELLER.

The convention of American press humorists elected J. Edmund Vance Cooke of Cleveland secretary and re-elected Frank J. Seabright of Los Angeles president.

Wax From Sugar Cane.

The West India Committee Circular states that application has been made for a patent for a process of extracting wax from the sugar cane. It seems that the rind of the cane contains a certain proportion of wax, which has hitherto been lost with the refuse. By the new process this wax is now recovered from the filter refuse and turned to commercial uses, being very similar in its characteristics to beeswax or Carnauba wax, which can be used for precisely the same purposes. The wax, which resembles that now used very largely for making cylinders for so-called talking machines, is exceedingly hard and capable of taking a fine polish. It is understood that many factories in Java will this year be using this process.

AMUSEMENTS

VOGEL'S MINSTRELS.

On the opening night of John W. Vogel's Big City Minstrels, the manager of the troupe was double extra busy, and while receiving the congratulations of his friends on the magnitude and merit of his gigantic entertainment, he missed the unique comedy act of the Trio, and he was obliged to make inquiry: "How did the Trio go?" The answer was as satisfactory as if Edison himself had made the comparison, "Like Lightning!"

John W. Vogel's Big City Minstrels will appear at the Auditorium September 9.

Commencing Monday matinee, September 7, and week, which is the date of John W. Vogel's Big City Minstrels, the Dram O. Tone talking pictures will hold the boards at the Auditorium theater. It has been especially arranged for the Labor Day opening to offer the Newark people Thomas A. Edison's big feature talking picture, entitled "The Tale of the Autumn Leaves Told."

The Dram O. Tone talking picture company consists of six well selected artists who are "up in their parts," the same as if this were a real theatrical production. They talk the different parts in the picture, making it as realistic as a real play and much more of a novelty.

At each performance during the week, Miss Josephine Crawford, the lady who created a sensation in the east, wearing the latest Parisian fad, a directoire gown, will appear in a singing specialty.

AT THE ORPHANUM.

Manager Moore and his assistants have been kept very busy the past week, making the final arrangements for the opening of the Orphanum for the coming season, and when the doors are thrown open to the public next Monday afternoon when the first matinee will be played, the patrons of the house will see the pretty little theater in an entirely new dress, for there have been at work for some time redecorating and renovating the play house for the season of 1908-09.

The color scheme of green has been carried out throughout the lobby and the theater itself, and it presents a clean, attractive appearance. The seats and all the woodwork have been varnished, and new carpets placed, for Manager Moore believes that a clean house, like a clean show is a big inducement to the majority of theater goers.

Harry Cranston, the popular stage manager, will again look after the work behind the scenes, and for the electrician John Smith has been engaged. Stewart Sedgwick will again be in the box office, but as yet the singer for the illustrated songs has not been selected. The pianist, one of the best in the employ of Sun & Murray, will arrive Saturday or Sunday.

The opening show promises to be a winner from start to finish, for all the artists are high in their acts, and for that reason the first bill will be a first class drawing card. Harry and Anna Ladell, hand balancers and equilibrists, will probably be the headliners, for their work last season was of a high order. The Kelley Sisters, "just kids," are two mighty clever little girls who sing and who have a dance all of their own. They were a big success over the circuit last season.

START OF THE PROBE INTO THE STATE HOUSE GRAFT

It took nearly two months to obtain from the state treasurer, McKinnon, a statement of the banks having deposits of state funds and the amount of deposits carried by each. The first resolution of inquiry was offered in the House, January 13, by Representative Stockwell. Treasurer McKinnon did not reply until January 30, and when he did reply he stated only the total number of depositories and the aggregate of deposits, refusing to give a detailed list as requested by the resolution adopted by the House. He gave as his reason for refusing to comply with the resolution that "the treasurer deems it inexpedient and not to the best interest of the state or its depositories or applicants for state deposits, to make such information public."

That was the beginning of the probing into state house scandals, and it was brought on by Mr. McKinnon's refusal to answer. Before the facts could be brought to light, McKinnon and his deputy had said to investigating committees of the Legislature that it's "none of your business" where the state's funds are kept. And when the facts were dragged forth it was found that, in the list of depositories, deposits were kept in McKinnon's own bank at Ashtabula equal to the bank's capital stock; in Columbus banks in which McKinnon and his deputy, Charles C. Green, candidate to succeed him, are stockholders; in Guilbert's bank, in which Guilbert's deputy, E. M. Fullington, candidate to succeed him, is a stockholder, and in Cox's bank.

Thus state officials and their deputies who aspire to succeed them, were profiting as bankers or bank stockholders by the manner in which they were handling state funds.

It was a clear case of graft, and the deputies were nominated to succeed the present state auditor and treasurer in order to have the graft continued as long as the people of the state will stand for it.

This accounts for their refusing at first to give information, saying it is "none of your business," refusing to answer questions or to produce the records of some of their transactions.

No wonder the people of Ohio are ready for a change and want a thorough house cleaning at the State Capitol.

TAFT, FORAKER AND THE TOLEDO AMBUSCADE

So Mahomet went to the mountain. Tradition does not tell us whether there was any change in either Mahomet or the mountain afterward, but the reasonable presumption is that there was none.

It may be even so with Foraker, who played the role of Mahomet, and Taft, who typified the mountain, in the manner of their meeting at Toledo.

Mr. Taft's refusal to go to Fort Meigs, where Foraker spoke Tuesday, and Mr. Foraker's refusal to go to Middle Bass Island, where Taft is fishing and playing golf, now seem to be only prologue.

General Kiefer, General Corbin and some of Foraker's friends had worked for ten days to shape events so that Foraker and Taft would be forced to meet in public where any display of feeling by either would belittle the one who would offer ground.

CHALLENGE TO GOV. HARRIS

Nobody challenges the position of Governor Harris on questions that are not raised by the party platforms in this campaign. But Governor Harris is challenged to defend his administration in the speech he is to make at the Republican campaign opening in Youngstown.

Will Governor Harris defend conditions at the state house revealed by investigating committees and the Ohio legislature? Will he defend Treasurer McKinnon and his deputy candidate, Charles C. Green, for saying to the committee it is "NONE OF YOUR BUSINESS," when asked by the committee where the state's money was being kept?

Will Governor Harris defend Auditor Guilbert for refusing to answer questions and refusing to produce records of his office. Mr. Guilbert's deputy, E. M. Fullington, is a candidate to succeed him.

Will Governor Harris defend his A. R. reviewing stand first. Senator Foraker was in a carriage with Senator Dick and Governor Harris and Mayor Whitlock. Courtesy required that when they went upon the stand they greet so distinguished a guest as a candidate for president. What could Foraker do but shake hands? He could not consistently pull a machete from his boot and hew down Mr. Taft where he stood.

Thus was Mahomet brought to the mountain. But in this instance there is a sequel.

The sequel was the Lincoln club meeting, at which Mr. Taft said he was pleased that Senator Foraker was present and "that we are going to stand in the campaign shoulder to shoulder."

Did Taft know that Foraker was going to bestow honeyed phrases on him and then in the manner of a challenge and with a spirit of defiance announce his candidacy for a re-election to the Senate?

Probably not. He may also have been unaware that Dick would still further compromise him by declaring that it would be a mistake not to return Foraker to the Senate.

Therefore, if Foraker was led into ambush to meet Taft on the reviewing stand, Foraker and Dick are more than even, through the success of the ruse which led Taft into ambush at the Lincoln club.

It is too early to form an opinion as to how the whole affair will turn out. Theodore Burton, Harry Daugherty and others who were in the elimination game, with ambition to sit in the Senate are now certainly having troubles of their own.

Still this oft repeated question remains unanswered: Who emptied the Full Dinner Pail that was the Republican slogan the past two Presidential campaigns?

DEMOCRATIC SENATORIAL CONVENTION

The Democratic Senatorial convention of the Fifteenth-Sixteenth district, will be held at Newark, Ohio, on

Tuesday, September 8, 1908, at 11 o'clock a. m., for the purpose of nominating one candidate for the office of State Senator.

The basis of representation will be one delegate for every one hundred votes cast for Hon. John M. Pattison for governor in 1905, and an additional delegate for 50 or more votes so cast.

Upon this basis, the several counties of the district will be entitled to the following number of delegates:

	Votes	Delegates
Delaware	3419	34
Licking	6495	65
Muskingum	6255	63
Perry	3668	37

Total 19837 199
Necessary to nominate, 100 votes.

By order of the Senatorial Committee of the Fifteenth-Sixteenth District.

P. M. CULLINAN, Chairman.
H. W. SIMPSON, Secretary.
The Licking county delegates to the senatorial convention are as follows:

own dereliction of duty in not complying with the law requiring him to have these important state offices examined?

Will Governor Harris defend the graft of the state treasury deposits in the banks of Bosses Cox, Guilbert and McKinnon, and its proposed continuation by the election of their candidates for state treasurer and state auditor?

Will Governor Harris defend the scandals at state institutions that have been more numerous during his administration than was ever known in the whole history of Ohio?

Will the tax payers of Ohio be satisfied if Governor Harris simply waives aside all these charges that are brought direct to his own door, and discusses only national issues or questions that are not at issue at all in this campaign?

Governor Harris is challenged to defend his administration before the people of Ohio.

AN AKRON LADY.

A lady in Akron one day got real busy, and when she was through, the result made her dizzy. She'd found an old rocker, the finish all gone, that she thought would do nicely for use on the lawn; having read Sparta Stain was so easy to use, she tried it, and now the whole world has the news of the marvelous change in the rocker's appearance—it is now in the "rile," not out in the clearance. Thousands of ladies have been very pleased and surprised at the beautiful results obtained with Sparta Stain. Manufactured by The Marietta Paint, and Color Co., Marietta, Ohio. IRON TRADE REVIEW

Cleveland, O. Sept. 4.—The Iron Trade Review today says: Manufacturers of all kinds of iron and steel unite in the opinion that August proved the best month in the way of new tonnage and specifications since the panic of last fall. Everyone is guardedly optimistic as to the future, but all are of one mind in that the tide of depression appears to have permanently turned. In wire and nails, the leading interest in receiving specifications at the rate of 1,000 tons a day, which is considerably in excess of the volume of business in the early days of 1907. In a modified degree, this condition is true also of steel bars and agricultural shapes, and all the mills in the west manufacturing these products are operating to their full capacity. The demand for bar iron, sheets, pipe and tubes is also steadily improving, and that low stock of these materials are held by jobbers and consumers is borne out by the frequency with which immediate shipment is specified.

Track supplies are again being ordered in lots of 1,000 and 2,000 keels, something that has not been experienced in the last 18 months. With the settlement of the price question \$2 a ton below the previous schedule, orders for light rails are more numerous and of larger tonnage than formerly, and more orders for this product were taken in the month just closed than the entire three months preceding. Heavy sizes of sheets and light plates are suffering from price cutting, the shading ranging from \$1 to \$2 a ton on both products.

1854—John Hunt Morgan, the noted Confederate leader, killed in a night skirmish at Greensville, Tenn.; General J. H. Morgan.

VICIOUS

Assault Made by Husband Upon His Wife Thursday Afternoon—Is Later Arrested.

After a chase that extended over several parts of town and lasted for several minutes, John Kennitzer, who brutally assaulted his wife late yesterday afternoon, was arrested and locked up. The accused and his victim have lived apart for some time, and when he chanced to meet her at the corner of High and Fourth streets a wordy argument ensued.

Kennitzer finally attacked his wife, according to the story of the indignant residents of that locality, and literally tore all her clothing from her body and when the police arrived the statements of the neighbors were sustained beyond a doubt. In forcing her against a low fence, two of the woman's ribs were fractured, and Dr. Rank was called to attend her.

A. L. Rawlings and Liveryman Staffel saw the assault and caught Kennitzer, but before the police arrived they had released him and he had disappeared. A search was instituted and later in the afternoon Chief Zergiebel arrested the much wanted man on Third street.

He was to have been given a hearing this morning, but as the condition of his wife was such that she could not be present, the case was continued until Saturday.

Marion, Sept. 4.—Big Frank Moore did Friday what neither Webb nor Kuler were able to do, he held Marion to five hits and defeated them in the third and final game of the last series of Newark on the home lot. He turned the trick without any trouble, and at no time was the big heater of the Molders in any great difficulty. He pitched great ball and worked easily from the first to the final inning when the callers took the game by the score of 3 to 1.

The crowd was fairly large and went out with the fullest intention in the world of seeing young Brown turn the trick, but in this he failed miserably, for in the second inning the Molders whipped him out of the box and sent three runs across the plate. McGuire was substituted and he pitched nice ball. Brown was also wild, and aside from hitting Williams he gave two bases on balls in his short time in the box.

Moore worked like an eight day clock and while he walked two men in the nine innings, yet they were batters he wanted to get out of the way, and when things looked dubious he cut loose with his speed and curves and struck seven of the Diggers out. Behind him his team worked in nice shape and gave him valuable assistance at critical times.

Written had seven chances during the game, four putouts and three assists that he handled without an error. Pinkney and McClintock each had four chances and Williams broke into the game with two pretty pegs that caught the attempted stealers. Smith in middle pulled down three flies after hard runs, while Abbott and Winters split three chances between them. Abbott taking the long end.

The last game of the season between Newark and Marion in Marion was not marred by wrangling of any sort and was played in fast time. Hart was the umpire and he worked fairly well, giving both sides more or less satisfaction.

The Newark team left today for Lima where they play three days before returning to their home lot where they play until the close of the season. They expect to make a good showing at Lima and will try hard to pass Mansfield and at the same time pull the Stogie Rollers down in the percentage column.

Upon the finish of the Lima series, the Molders return home for games with Marion, Lima and Portsmouth, closing the season with the last named club.

QUINN
 Is Popular Choice for O. S. President—Egotism of Akron Sport Writer.

"From present indications not half as many players will go up from the Ohio State as from the O. P. league. That is real graduation." Such an article appeared in the Akron Beacon Journal of Wednesday, and evidently the sport writer, angered by the laugh that has been turned towards the "peanut and popcorn league," as the Enquirer called it, was seeking to show the class of the almost defunct organization. In a beautiful flow of gush he attempts some heavy work, but the humorous side of the thing appears when the "peanut and popcorn" circuit had two players drafted by the big leagues, while the Ohio State, the league he attempts to ridicule, sent just twice that number into higher company.

Already the question has been raised as to who will be president of the Ohio State league next summer. There seems to be only one plausible candidate and that is Robert Quinn. Under his guidance the initial year of the circuit has been entirely successful. He has administered its affairs in a manner highly commendable, and to him is due much of the success of the undertaking. To launch a baseball league isn't the easiest undertaking in the world, but Quinn has been a just judge and an able arbitrator in everything pertaining to the league, and the players and the cities composing it. It is to be sincerely hoped that President Quinn will again accept the presidency for the coming season.

"Red" Bohannon, who jumped the Portsmouth team some time ago, is

again to join them according to a report. His action has worried him, and the directors of the Night Riders have agreed to take him back again. Nagle, who has been leading on the job and not playing baseball, will probably be benched for "Red."

Jack McAllister has joined the Portsmouth team and will play in the outfield in place of Burke, who was recalled by Mansfield.

John McGraw, manager of the New York Giants, says the owners of the club will clear close to \$200,000 this year. He bases his calculations upon the gate receipts so far this season, and upon those expected during the series of 22 games at home that the Giants will play. Additional seating capacity at the Polo grounds has brought their accommodations up to 25,000.

Harry Moeller has been released by Manager Doyle of the Portsmouth club. Doyle claims Moeller has been playing indifferent ball, and he says men of that kind, those inclined to loaf, are not wanted by him.

Rube Marquard of Indianapolis, let Columbus down yesterday without a sign of a hit, and the team won 7 to 0. Good news for the man that paid \$11,000 for him.

Incidentally we might add that nine more days of the season remain.

Umps Truby must be doing nice work in Lima, at least the papers haven't touched off any fireworks about him yet. He may work in Newark the coming series.

The Texas Sluggers defeated the Emerson Colts on the former's own score of 9 to 0. The game, though one sided, was interesting. The batteries were, Sluggers, Haley and grounds Thursday afternoon by the Hayes; Colts, Martin and Habin.

WRIGHT FAMILY REUNION HELD IN ALEXANDRIA

NEXT ANNUAL GATHERING WILL BE AT JOHNSTOWN NEXT SEPTEMBER.

Dr. Wright President, and Wm. B. Wright Re-elected Secretary of Organization.

On Wednesday, September 2, was held the fourth annual Wright reunion at Alexandria, Ohio. The day was fair and a good crowd was present. Quite a number of Wrights live in and near Alexandria and they spared no pains to give a hearty welcome to all who came. A good family visit was enjoyed by those who came early, and about 11 o'clock the president, Dr. James N. Wright, county auditor, called them to order and the opening prayer was offered by Rev. L. C. Sparks of Newark, after which all joined in singing that good old song, "Blest be the Tie That Binds." The president gave a brief address of welcome and then called for the reading of the minutes of the last meeting at Buckeye Lake. They then adjourned for dinner. As the gathering was in the town hall there was plenty of room, and all enjoyed the bounteous dinner that had been brought in baskets and placed on the long tables that had been prepared by the relatives at Alexandria. Both the dinner and a good after dinner visit were enjoyed by all. About 1:30 the president called them together again in the room upstairs and an interesting program was rendered which consisted as follows:

Paper, "The Problem of Forestry," by Wm. B. Wright in which he presented several facts of interest and which should be borne in mind as our forests are disappearing so rapidly that a serious timber famine threatens the United States unless more active interest is taken. All of our great industries are vitally concerned.

Address, Rev. Mr. McDaniels, of Alexandria. Mr. McDaniels paid a loving tribute to the late George E. Wright, under whom he graduated and who helped him so much to get an education. He spoke of being associated with the Wrights all his life-time.

Piano solo, Bertha Stevens, Newark. Miss Stevens is a graduate of the Conservatory of Music at Granville. Her selection was enjoyed very much.

Address, Rev. Mr. Jones, formerly of Wadsworth, Ohio. Mr. Jones told a number of pleasant reminiscences that were quite humorous.

Address, Prof. George H. Wright, Urbana, Ill. Mr. Wright is assistant county superintendent of Champaign county, Ill. He spoke of the pride of family connections, and said that the duty of all Americans should be to live as one great family and be careful not to separate into clans that have no intercourse with each other.

Address, Rev. L. C. Sparks, Newark. Mr. Sparks spoke of the great assimilation going on in the United States, of American civilization digesting millions of people coming from other countries and the great struggle as to whether Americans should be foreignized, or foreigners should be Americanized. He also referred to the Wright family tree and spoke of the rich heritage of a splendid past with a good line of ancestors.

Song. A collection was taken to defray expenses. There was a surplus to go into the treasury.

The following officers were elected for next year:

President, Dr. James N. Wright, Newark.

Vice President, Milton Wright, of Johnstown.

RAILWAY AFFAIRS

Fire Departments.

The Pennsylvania railroad has organized for the protection of its property in the Pittsburgh district, something new in the line of fire departments. It has equipped 17 locomotives with fire hose and pumping machinery, enabling them to furnish a strong stream of water from their own tanks. These locomotives have other things to do besides waiting for fires and fighting them. They do switching in the Pennsylvania yards on the side. Fire alarms, however, have the first call for their services.

Have Filed New Rules.

Practically every railroad in the state has filed the new interstate car demurrage rules with the interstate commerce commission to take effect October 1, and now are filing them with the state railroad commission. The rules are those adopted by the railroads at a meeting in Columbus last May and are almost identical with those which were in effect before the state railroad commission began to make changes in the demurrage rules. The railroads will continue to use the rules of the commission on interstate business, but deny the right of the state body to exercise any authority on demurrage on interstate shipments.

Railroad Notes.

Employees of the southern roads have joined together to aid the railroads in advancing freight rates, forecasting as an alternative, a reduction in wages.

COMMUNION SERVICES

WILL BE HELD SUNDAY AT THE GRANVILLE METHODIST CHURCH.

At St. Luke's Episcopal church on Sunday the rector, Rev. A. Ramsey, will preach in the morning at 10 o'clock on "Confession of Sin," and in the evening on "Commercialism in Religion." Sunday school will be held after morning service until further notice.

After a pleasant visit with her grandparents, Mr. and Mrs. E. J. Dorsey, Miss Dorothy Dorsey has gone to Ephraim, Wis., where she will visit her mother.

One of the most enjoyable social events of the week was that given by Miss Annabel Owen, when she entertained a number of her friends at a 6 o'clock dinner at her home on Burg street, in honor of Miss Elizabeth Morris of Columbus. The diversions of the evening consisted of music, games, etc., and a nice time was had by all who were present.

Rev. A. Ramsey, rector of St. Luke's Episcopal church of this place

who has been off on his vacation, has returned and regular services and Sunday school will be resumed Sunday.

Mr. L. W. Perry, Granville's well known grocer, has associated with him in the business his two sons, and the firm will be known as L. W. Perry & Sons in the future.

Mr. and Mrs. Henry Miller of Toledo, who have been attending the state fair in Columbus, this week, arrived here Thursday on their way home and stopped over in the village a short time, visiting old friends.

Miss Eva Lake, an accomplished young lady of Urbana, made a short visit with friends in the village on Thursday.

Thomas Harmon has returned from Dunkirk, Hardin county, and reports his brother, W. H. Harmon, being seriously sick with stomach trouble.

The King's Daughters will meet with Miss Abbie Davies on Tuesday evening, September 8.

Rev. T. J. Sheppard, as a delegate from the Granville church, is attending the meetings of the Columbus Baptist association at Johnstown.

Dr. and Mrs. Herbert Dorsey have returned to Ithaca, N. Y., where the doctor will resume his duties as instructor in physics in Cornell university.

Col. and Mrs. I. H. DeBow have been visiting Mr. and Mrs. William Kendall in Lorain during the past week, and also attended the national reunion of the Grand Army at Toledo.

The surviving members of Co. D 22d O. V. I. will hold their annual reunion in Granville on Saturday, September 19.

Mr. and Mrs. C. W. Dorsey and two children, are visiting Mr. and Mrs. E. J. Dorsey. Mr. Dorsey, who is in the agricultural department is returning to Washington after an extended tour of inspection of government experimental stations in the west.

W. C. T. U. NOTES.

A very enthusiastic meeting was held at the first M. E. church Tuesday afternoon. After the reading of the minutes of the last meeting, the annual election of officers took place and resulted as follows: Mrs. Jennie P. Sissen, president; Mrs. Rachel Anderson, vice president; Mrs. C. C. Meitz, corresponding secretary; Mrs. Sarah Brown, treasurer; Mrs. Mary, secretary; Mrs. Ruppert, recording secretary.

Next week there will be a continuation of elections and yearly reports of superintendents will be heard.

DAINTY DELICIOUS DESSERTS.

Peach Cream—A tempting and simple dessert, which may be prepared with any seasonable fruit instead of peaches. Place a layer of sliced peaches in a glass dish, sprinkle with sugar, and then add a layer of Maple-Flake, and so on until the dish is filled. A few minutes before serving pour over the whole one-half pint of rich cream. This may be made with bananas or strawberries, instead of peaches, in the same way.

A Tempting Dainty—Marguerites served with hot chocolate, ice cream, or any ice cream or sherbet, make a very dainty afternoon refreshment. Take ready crisp Maple-Flake and Saltines. Beat whites of three eggs until very stiff; beat into them lightly one-half cup of sugar and one cup Maple-Flake. Spread on Saltines and bake in oven.

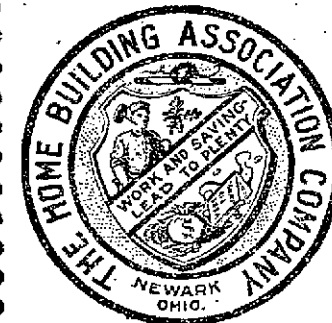

Fruit Pudding—This simple recipe for Fruit Pudding will be found a perfect treasure for emergencies. Butter baking pan, fill it with alternate layers of Maple-Flake and apple sauce or any other kind of suitable fruit or sauce. Bake from fifteen to thirty minutes, serve with cream and sugar. To be eaten hot or cold.

FINE LECTURE DELIVERED BY DR. W. O. FRIES

At the United Brethren Conference in Session in This City—Impressive Memorial Service.

The Southeastern Ohio Conference now in session in the East Main street U. B. church, was kept busy Thursday and Friday with routine business, possibly the most important item being the decision to do away with one of the three districts under the present conference. It was at first considered advisable by some of the delegates to discontinue all the districts of this conference and retire the president.

SANTA LOSES

SUIT IN ATTACHMENT AGAINST THEO. SIMROSS BEFORE JUSTICE HOLTON.

General News of Interest Gathered From the Offices of the Yicking County Court House.

Some days ago an attachment was brought before Justice Nash by John Santa against Theodore Simross to collect \$230 for work and labor and borrowed money. An attachment was issued and all the effects in the office of Simross were attached. Harry Swisher and the Licking County Bank and Trust company claiming to hold a mortgage on the property, replevied it from the constable who had served the writ of attachment. The matter came up for hearing before Justice Holton Friday morning on replevin of the bank and Swisher, Santa contending that the mortgage to Swisher and the Trust company was void and of no force against his attachment on the ground that the mortgage was given for pre-existing debt, and not a debt made simultaneously with the execution of the mortgage; also that while the mortgage was a joint one in favor of the bank and Swisher, yet the debt secured was a separate note to the bank, there being no unity of interest between the bank and Swisher. It was contended for Santa that the replevin split was not legally brought. Monday afternoon the court decided in favor of the plaintiffs, the Licking County Bank and Trust company and Harry Swisher.

Released From Jail.

Fred Secord, a young man aged 22 years, who was arrested some time ago on the charge of stealing a suit of clothes from the Stephan department store, was released Friday. He has been in jail 47 days and the severest punishment for petit larceny is 30 days. He was brought before the court and pleaded guilty to the charge, and on his promise never to drink again or commit any crime, he was released.

Transcripts Filed.

A transcript from the criminal docket of Mayor Herbert Atherton in the case of Ohio against Lawrence R. Reedy, held to the grand jury for horse stealing, has been filed with the clerk of the court.

Four transcripts from the criminal docket of Justice M. O. Nash in the case of Ohio vs. C. M. Henley, bound over to Common Pleas court on the charge of obtaining money under pretenses, have been filed.

Damage Suit.

Toma Jacob has commenced suit in the Common Pleas court against Nicholas Criticos for \$500 damages. He says that defendant, on July 30, 1908, maliciously intending to injure plaintiff, made an affidavit of attachment against the personal earnings of the plaintiff in the hands of the Wehrle company in an action brought by defendant against plaintiff to recover \$125, before Justice Holton. Plaintiff says that on August 20, 1908 the attachment was, on notice of plaintiff vacated and set aside and discharged, and the earnings were then paid plaintiff, and that on August 25, 1908, the suit was dismissed by the justice. J. Howard Jones, attorney for the plaintiff. Sandre Jacob has commenced a similar suit against the defendant.

Train Rider Discharged.

Mark Miller was arrested on the charge of train riding. He was taken before Justice Holton, who after listening to his story discharged him from custody.

MORTALITY REPORT.

The report of the city health department for the past month shows a better mortality rate in the city than in several months past. A portion of the report follows: Births: males 21, females 20; death: males 11, females 10. Milk and dairy inspections, 60. Meat and food inspections, 262.

The health department has had a large number of placards struck to be posted conspicuously in meat shops and any public stores where meat is on display for sale, ordering all persons to keep their hands away from the meat. This is a precaution much needed in the city, especially on market, where people do not hesitate to examine meat thoroughly by handling it.

TRAMPING

Around the World is Young Boy Who Passed Through Newark on Thursday.

Getting the fever for tramping, Max Bienenstock, a 17-year-old boy, went through Newark Thursday on his way to Columbus. Max wants to see the world, so for that reason he started out to tramp it, and he says he expects to circle the globe within six years. His agreement differs slightly from the majority of hikers, for he has permission to ride half of the way, but as he has to cross water, and as he hasn't found out how he can walk upon it, this part of the agreement was necessary.

Max sells souvenir post cards along his route, and by this method he raises enough money to keep him going. The post cards show him in his tramping costume. Already he has tramped 600 miles, and he says he feels fine. Several boys have started with him from different places through which he has passed, but none of them have lasted. He always calls on the mayor of a town or city and has him sign his name to a little book, this to be proof that he has visited there.

He will be in Columbus for three days, and from there he will go to St. Louis. It is his intention to keep as far south as possible and thus escape the winter of the north. Max is the son of a suit case manufacturer in Philadelphia, but unless he loses his nerve, or gets "down and out", he won't receive any financial assistance from his father.

Their Right To Know

People who intrust their money to a bank want to know something of its financial strength. We fully recognize this right and gladly furnish depositors with a list of our directors. Then, from time to time, we publish reports showing the condition of the bank. Copies of these reports are kept on hand for those who wish to see them.

OBITUARY

MRS. SARAH E. SEDGWICK.

A telegram was received here on Thursday evening by Dr. W. H. Sedgwick of Hudson avenue, informing him of the sudden death of his mother, Mrs. Sarah E. Sedgwick, who has resided for some years past with her daughters, Mrs. M. H. Watson and Mrs. H. M. Moffett in Chicago, Ill.

Mrs. Sedgwick was well known, both here and at Granville, where she resided for many years and had a large circle of friends who will be sorely grieved to hear of her demise.

Mrs. Sedgwick was a daughter of Ralph Granger, a pioneer of Licking county, and was the last of a family of ten children.

The remains will be brought to Newark, and the interment will be at Granville cemetery.

The announcement of the time of the funeral services will appear later.

DEATH OF INFANT.

Ray Willard McManus, son of Mr. and Mrs. Wm. McManus of Buckingham street, died September 2, at the home of the parents, aged 4 months. The funeral arrangements have not been completed yet.

ETHEL FRANCES WOLFE.

Ethel Frances Wolfe, daughter of Carl and Florence Wolfe, was born May 27, 1905, died August 30, 1908, aged three years, three months and three days. She leaves Father and mother and one little brother to mourn her loss. Ethel was of a sweet disposition, and none knew her but to love her.

Dear Ethel has left us; oh! how we miss her, but we know she is with Jesus, who can all our sorrows heal.

MRS. SARAH HENRY.

Mrs. Sarah Henry, aged 77 years, died at her home, 25 Riley street, on Thursday at 9 a. m., after a brief illness. The deceased is survived by her husband and three children, one of whom is Sergeant George Henry, O. N. G. now stationed at Port Clinton, but formerly of this city.

The funeral service will take place at the home, Saturday at 2 o'clock, and will be conducted by the Rev. Mr. Bailey. Interment in Cedar Hill cemetery.

CARD OF THANKS.

We wish to thank our kind friends and neighbors for their kindness and sympathy through the sickness and death of our little daughter, Ethel; also for the many beautiful flowers. Mr. and Mrs. Carl Wolfe.

Not a Wire.

"My wife sent me a message by wireless."
"Isn't that expensive?"
"Oh, no."
"I supposed it would be."
"Depends on the method. She used a two cent stamp."

Circumstantial Evidence.

"Do you think Clarks is a square fellow?"
"He must be. I know three men who traded horses with him, and he is still on speaking terms with all of them."
